

# Pre-service Teacher Training: A Model for Preparing Tomorrow's Teachers

College students  
enroll into classes

Universities receive training & support for:

- Current sexuality education laws and policies
- Inclusivity and sensitivity training
- National Sexuality Education Standards

## Georgia Campaign for Adolescent Power & Potential

### Who is it for?

College students enrolled in health and physical education teaching programs

### What does it solve?

Lack of teacher preparation and training and to support implementation of sexuality education in schools

### What's the big idea?

Developing a training program to prepare and support health and physical education teachers to effectively teach sexuality education

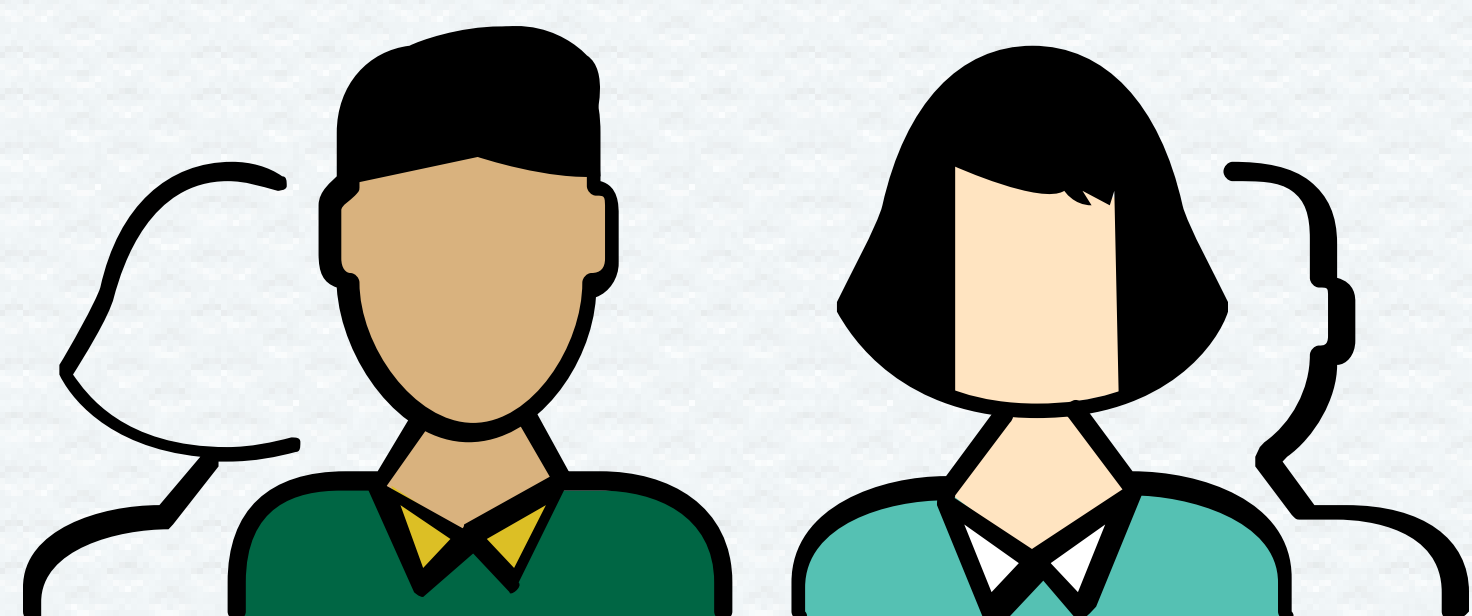

College classes and Training for:

- Skills-based training
- Value-neutral facilitation
- Evidence-based and effective curricula
- Advocacy and partnerships

Mentoring and peer  
education among students

Early career teachers paired with more  
experienced teachers for continued  
peer mentoring and assistance

Hired as a new  
teacher

College Graduation!
